Secretary & Director

The Department of Computer Application organized a hands on workshop “Internet of Things Workshop” on 30th August 2024. Around 30 students got benefited. Dr. G. S. Karthick a distinguished leader, Assistant Professor of PSG College of Arts and Science. He explained Internet of Things about how the IoT works, including embedded hardware, wireless networks, and cloud computing. He explained the students about how to design IoT products and projects using ARDUINO. A hand on training was given. Common credential for the participants was shared and worked effectively. Participants gained knowledge hands on experience. We received good response from the audience and also they gave very good feedback.
