IIC-REPORT ON

ENTREPRENEURSHIP AND INNOVATION AS A CAREER OPPORTUNITY

The Department of Computer Applications, in association with the Institution's Innovation Council (IIC), organized a programme titled "Entrepreneurship and Innovation as a Career Opportunity" on 03.09.2026 at C-54. The programme was conducted with the objective of creating awareness among students about entrepreneurship, innovation, startup opportunities, and the various career possibilities available beyond conventional employment.

The programme commenced with a welcome address by Harinee III BCA Main. The resource person was introduced to the gathering by Harinee III BCA Main the session focused on the importance of developing an entrepreneurial mindset and encouraged students to identify problems in society and transform innovative ideas into practical and commercially viable solutions.

Resource Person

The programme featured Mr. Hari Vignesh, Corporate Trainer, Cloud Zee, AI trainer, Full stack developer, Technical Mentor, AI and Robotics Educator as the resource person. The resource person shared valuable insights into entrepreneurship, innovation, startup development, business opportunities, and the skills required to become a successful entrepreneur.

The resource person explained how innovative ideas can be converted into products and services that address real-world problems. Various examples of successful entrepreneurs and startups were discussed to help students understand the entrepreneurial journey and the importance of creativity, risk-taking, perseverance, and continuous learning.

The session also highlighted the role of emerging technologies in creating new business opportunities. Students were encouraged to explore areas such as Artificial Intelligence, Data Analytics, Cloud Computing, Cyber Security, Mobile Applications, and other technology-driven solutions for developing innovative business ideas.

Objectives of the Programme:

The major objectives of the programme were:

- To create awareness about entrepreneurship as a career opportunity.
- To develop an entrepreneurial and innovative mindset among students.
- To encourage students to identify real-world problems and develop innovative solutions.
- To introduce students to startup culture and business opportunities.
- To motivate students to transform innovative ideas into practical products and services.
- To develop creativity, problem-solving, leadership, and decision-making skills.
- To encourage students to explore technology-based entrepreneurship.
- To create awareness about innovation, startups, and self-employment opportunities.

Outcome:

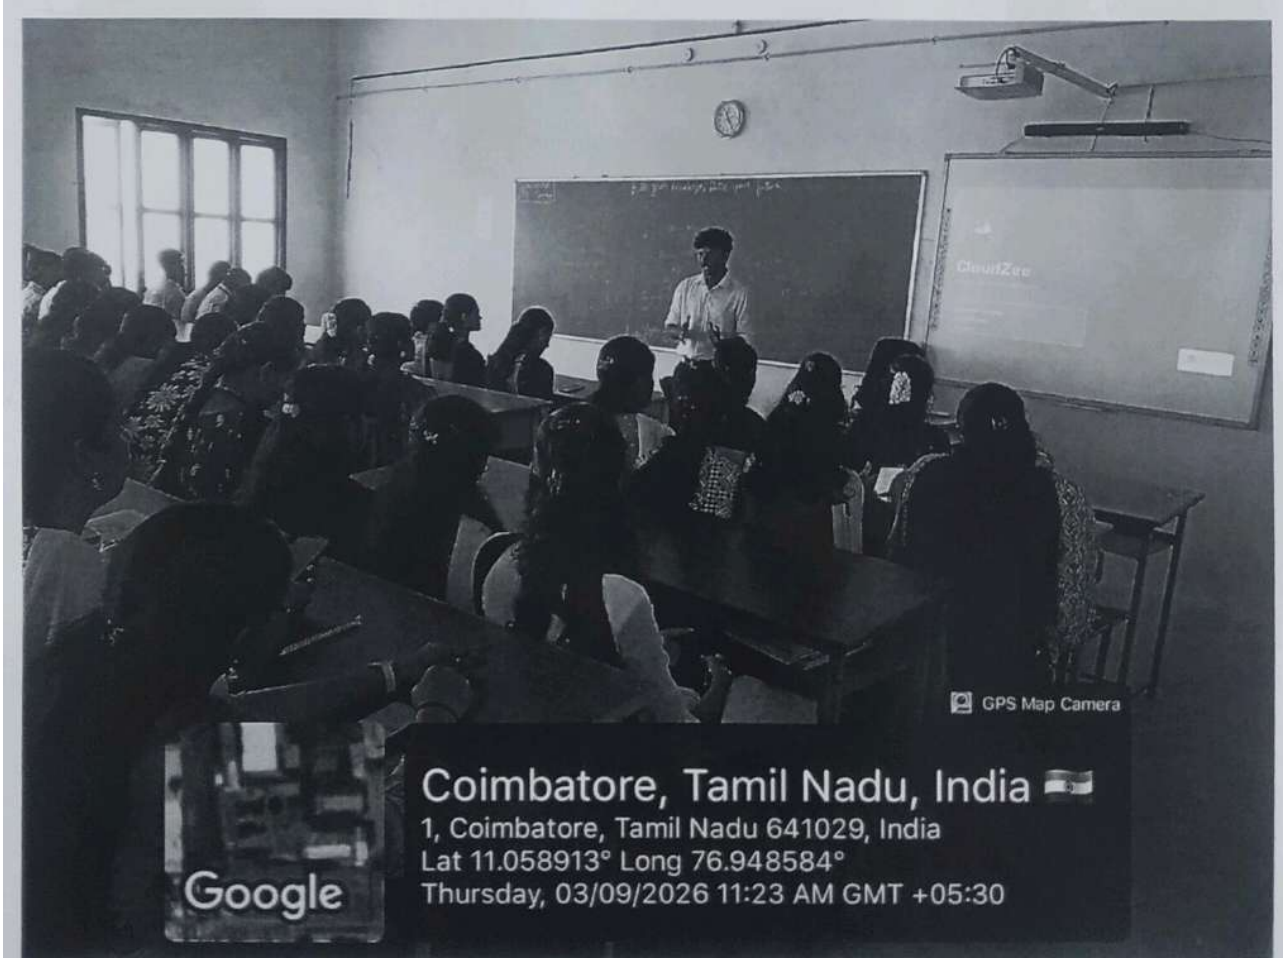

The programme "Entrepreneurship and Innovation as a Career Opportunity" was informative and beneficial to the students. The session helped participants understand entrepreneurship as a viable career option and provided valuable insights into developing innovative ideas and converting them into successful ventures.

The interaction with the resource person motivated students to think creatively, identify opportunities, and develop solutions to real-world challenges. The programme also enhanced their awareness of startup opportunities and encouraged them to consider entrepreneurship and innovation as promising career pathways.

60 students and 6 staff members participated and benefited from the programme.
