DEPARTMENT OF COMPUTER APPLICATIONS

& NDLI CLUB, KASC

INTRA-DEPARTMENT COMPETITIONS 2026

The Department of Computer Applications and NDLI Club of Kongunadu Arts and Science College have jointly organized an Intra-Department Competition 2026 to promote reading and finding appropriate resources from the NDLI Repository. In connection with that, we have conducted 2 competitions in the name of

1. **Reading Selfie Challenge**
2. **Resource Mapping Challenge**

1. Reading Selfie Challenge

The **Reading Selfie Challenge** was organized to encourage students to develop a regular reading habit and to create greater awareness about the importance of reading in academic and personal development. The activity motivated students to actively engage with books and other learning materials and share their reading experiences through the challenge.

The challenge provided students with an opportunity to explore different reading resources and develop interest in reading beyond their regular academic textbooks. By participating in the activity, students were encouraged to make effective use of library and digital learning resources. The activity also helped create a positive reading culture among students and motivated them to devote more time to reading.

The major outcomes of the Reading Selfie Challenge were:

- Students developed greater interest in **reading books and learning resources**.
- The activity encouraged students to develop a **regular reading habit**.
- Students became more aware of the importance of reading for **knowledge enhancement and academic growth**.
- The challenge encouraged students to explore **library and digital resources**.
- Students were motivated to share and promote their reading activities among their peers.

- The activity created a positive and engaging **reading culture among students**.
- Students gained an opportunity to participate in an innovative and interactive NDLI activity.

2. Resource Mapping Challenge

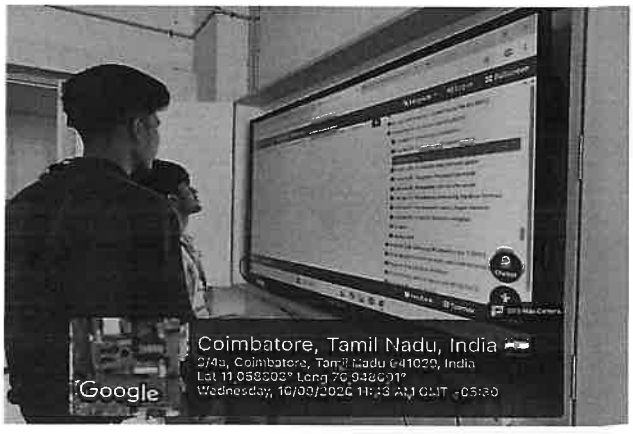

The **Resource Mapping Challenge** was conducted to familiarize students with the wide range of learning resources available through digital library platforms. The activity encouraged students to search for, identify, and explore appropriate educational resources according to their areas of interest and academic requirements. Through this challenge, students gained practical experience in locating relevant digital resources and understanding how such resources can support their learning. The activity also encouraged students to make better use of online information sources for academic purposes. It helped improve their ability to discover useful learning materials and increased awareness about the role of digital libraries in higher education.

The major outcomes of the Resource Mapping Challenge were

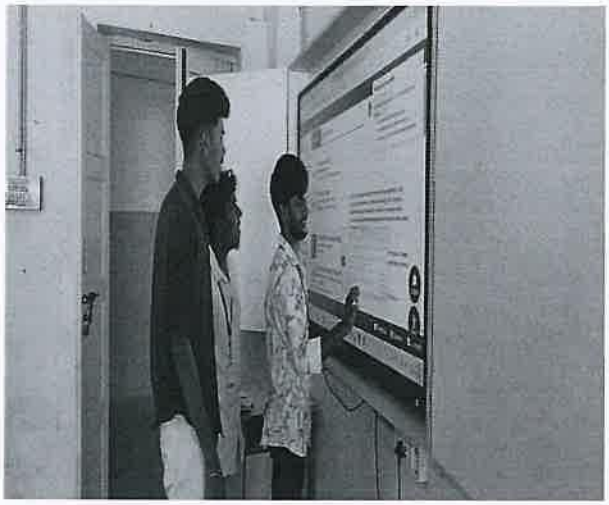

- Students gained awareness of **various digital learning resources** available through NDLI.
- Students improved their ability to **search and identify relevant academic resources**.
- The activity developed students' **digital information-searching skills**.
- Students learned to explore and utilize resources according to their **academic needs and interests**.
- The challenge encouraged students to make effective use of **digital library resources**.
- Students developed a better understanding of how digital resources can support **learning, assignments, projects, and research activities**.
- The activity enhanced students' confidence in using **online academic resources**.
- It encouraged students to become more independent in finding and using learning materials.

Overall Outcome of the NDLI Activities

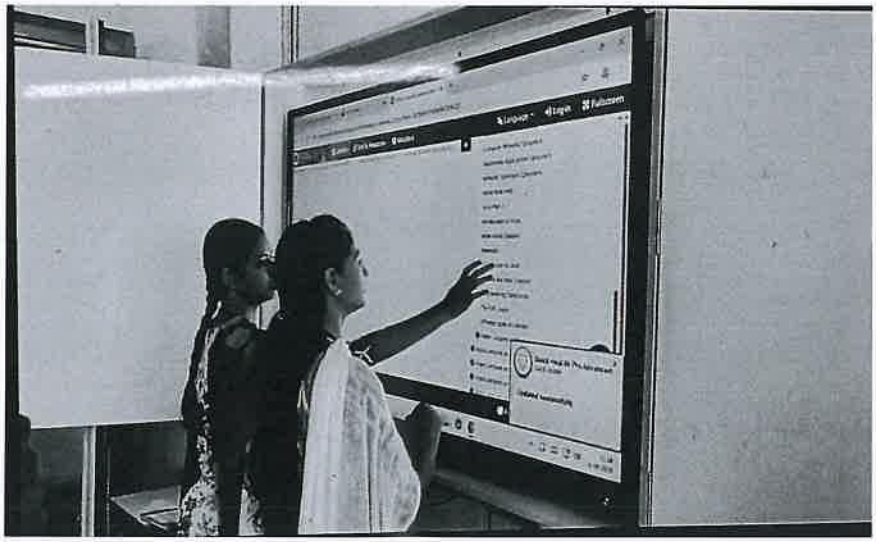

The **Reading Selfie Challenge and Resource Mapping Challenge** provided students with meaningful opportunities to engage with reading and digital learning resources. The activities promoted awareness and effective utilization of NDLI resources while encouraging students to develop independent learning habits. The challenges also contributed to improving students' reading interest, digital resource-searching ability, and information literacy. Overall, the activities supported the development of a **reading-oriented, digitally aware, and self-directed learning environment** among the students. A total of 134 students from various disciplines, along with 6 faculty members, attended the program and benefited from it.

The above pictures were captured at the time of competitions. Students participate enthusiastically and enjoy the competitions.
