Dr. S. Krishnakumari welcomed the gathering & circulated the copy of the Proforma received from NAAC among the members. With reference to the suggestions on the revision and review of manual for the NAAC detailed discussions and deliberations followed.

With regard to criteria for assessment, it was suggested by Dr. O.N. Paramasivan that the academic curriculum has to be enriched so that it will enable the students to write NET, SLET exam effectively, also suggested that it may be insisted that the syllabus should be based on Industrial demand. Further it was also suggested that extension activity of the Institution may be taken up as a separate parameter.

With regard to key aspect for assessment Dr. O.N. Paramasivan suggested that the Institution must form a Research forum consisting of heads of the research department & the performance of the research

forum, such as finding the appropriate funding agencies, viable project proposals, Guiding staff members to prepare effective proposals should be the key aspect of it.

With regard to weightage to be given, it was suggested that the weightage presently allotted to student support and progression may be increased with regard to grading system, it was decided by the members that the present grading system is adequate & needs no revision.

With regard to improvement in the indicators, it was suggested that the present allotment of weightage may be increased as it is an important parameter in the progress.

With regard to methodology, it was suggested that the research scholar should be motivated to do more field work.

In addition to the above suggestions to be sent to NAAC, the members also suggested the following action plan

1. To conduct remedial course to increase the pass percentage.
2. To conduct internal class seminars, class tests & drill tests in addition to the Continuous Internal Examinations.
3. To upgrade syllabus, to prepare students to take Competitive exams like CSIR, DBT-JRF, NET, SET, GATE, JAM etc.
4. To introduce additional papers in the UG & PG syllabus, it should be useful for the students to appear in All India Civil Service Exams.

Faculty members and Research scholars should be encouraged to publish research articles, in reputed National & International journals.

To enhance Collaborative program, more number of MOU may be encouraged with other National, International Universities.

Patent Cell may be established to gain the staff members to get patent rights. Extension activities like, Blood Donation Camp, Swatch Bharath Scheme, Environmental Issue, and water management activities may be encouraged.

All the members present unanimously resolved to send the above suggestion to the NAAC & they also resolved to authorise the IQAC Co-ordinator to send the suggestions made to the NAAC.
