Re: Disney Conservation Fund Grant Update Related to "Community Based Vulture Conservation"

-

Dear Ramasamy:

We are pleased to inform you that Arulagam, has been selected to receive a contribution ("Gift") in the amount of \$50,000 in support of "Community Based Vulture Conservation" from the Disney Conservation Fund. Congratulations on being selected to receive a conservation grant this year!

We have attached additional grant details and our standard terms and conditions governing charitable contributions from Disney Worldwide Services, Inc. We urge you to review the Disney Gift Standard Terms and Conditions carefully, as, by applying for and accepting this contribution, Arulagam is agreeing to be bound by them.

**Your grant will arrive by wire transfer according to the bank details provided in your application.** As a reminder, this award will support activities described in your proposal over the next two years. A mid-term report will be due in November 2019, and a final report will be due in November 2020; you may log into your Cybergrants account at any time to review grant deadlines. Organizations are not eligible to apply for additional funds for the project(s) funded in 2018 during the upcoming 2019 grant cycle, but may apply for continued funding during the 2020 cycle.

Additionally, an award package will soon arrive by ground mail to the delivery address provided in your application.

**Please notify the DCF team as soon as possible if the mailing address included in this email is incorrect.** We hope you will share items from your award package with your field team in recognition of their excellent work and send us photos of your conservation efforts.

We will be coordinating announcement of this year's grant recipients in the next few weeks and ask that you **please refrain from publicly communicating this gift (including blogs, websites, and social media) until we provide further guidance.** You can learn more about Disney's commitment to conservation by visiting our website [www.disney.com/conservation](http://www.disney.com/conservation) where we will be posting a list of our annual grant recipients by October.

Please note that we are increasingly focused on aligning our conservation support with The Walt Disney Company's business priorities, and this may result in changes to our granting program in the future. Be sure to check our website for updates in early September prior to the next granting cycle and contact Leslie Wells in our Strategic Philanthropy office at 818-560-6704 if you have any questions.

We hope you will share this exciting news with your CEO, board members and others. On behalf of The Walt Disney Company including Disney Parks, Experiences and Consumer Products, Disney Studio Entertainment and Disney Media Networks including ABC and ESPN, we thank you for your dedication to saving wildlife, inspiring action and protecting the planet.

Sincerely,

Kim Sams

Hi Kim Sama and Mark Penning,  
Greetings .....

Thank you for Disney Conservation Fund gift in support of "Community Based Vulture Conservation ". This gift is timely helpful for conserving critically endangered vultures. I assure that i willl keep on updating overall project activities in Disney Conservation Fund as prescribed web id . Pease send us Disney Conservation Fund logos ( Approved 2015 Disney Conservation Fund logos, one-color Vertical Format logos, One-color Horizontal format logos and White on Black Background logos). We use these logos in vulture conservation outreach materials such as banners, field guides, notices and brochures. I thank once for selecting Arulagam for Disney Conservation Fund gift.

Dr.R.Venkitachalam,
