Name of the Activity	Distributing and planting tree samplings.
Organizing Unit	Indian Science Congress Association, Coimbatore Chapter

Coimbatore Chapter celebrated the birth anniversary of our former president, Dr. A.P.J. Abdul Kalam by conducting tree plantation programme in Kongunadu Arts and Science College premises, Coimbatore on 15.10.2015. Smt. C.A. Vasuki explained about the importance of green cover for ameliorating the effect of global warming and emphasized the role of youth in environmental protection and hence the ecological security for living beings. Hundreds of saplings of Tree Jasmine were planted in the campus. Students, faculties and public people received tree saplings by the organizing unit. Nearly 50 students were eagerly involved in making the programme a successful one.

Name of the Activity	Enrichment Programme for School Students
Organizing Unit	Indian Science Congress Association, Coimbatore Chapter

Programme to know the recent trends in biological sciences with particular reference to application of scientific principles for technology development was organized and conducted in Kongunadu Arts and Science College for school students on 28.12.2015. Thirty six students from RJ Matriculation Higher Secondary School, Saravanampatti, Coimbatore participated the programme. Tissue culture technology for endangered plants, microbial cultures for human welfare and analysis of medicinal plants were explained and demonstrated in the Botany Department. 40 students of botany department were actively involved in the programme.

The students acquire knowledge on basic biological sciences and their application in the production of biogoods.

**Demonstration by Dr. S. Paulsamy, Associate Professor of Botany,
Kongunadu Arts and Science College, Coimbatore.**

Name of the Activity	Lectures by Eminent Scientists in Schools of Rural Areas
Organizing Unit	Indian Science Congress Association, Coimbatore Chapter

Lectures by Eminent Scientists in Schools of Rural Areas

One day seminar on ‘**Application of Science and Technology for National Development**’ was conducted in three different rural schools in three different days as given below:

- a) Thailaxmi Matriculation School, Thudiyalur, Coimbatore district on 07.10.2015
- b) Saraswathi Ramachandran Vidyalaya Matriculation Hr. Sec. School, Kuniyamuthur, Coimbatore district on 12.10.2015
- c) Laurel Matriculation Higher Secondary School, Koundampalayam, Coimbatore district on 16.10.2015

a) Lectures in Thailaxmi Matriculation School, Thudiyalur, Coimbatore district on 07.10.2015

Thiru. V.K.S.K. Senthilkumar, Correspondent of the School presided over the function, **Tmt. C.A. Vasuki**, Convener, Coimbatore Chapter, Kongunadu Arts and Science College and Secretary and Director of Kongunadu Arts and Science College, Coimbatore inaugurated the seminar. 113 students participated in the programme and get benefited.

Details of the lectures are given below:

S.No.	Resource person	Topic
1.	Dr. P. Kathireswari Assistant Professor of Zoology Kongunadu Arts and Science College Coimbatore	Vermicompost for sustainable Agriculture
2.	Dr. R. Thirugnanasampandan Assistant Professor of Biotechnology Kongunadu Arts and Science College Coimbatore	Application of Plant Tissue Culture
3.	Dr. S. Paulsamy Associate Professor of Botany Kongunadu Arts and Science College Coimbatore	India – an emporium of medicinal plants

Dr. N. Srinath, Asst. Prof. of Biotechnology, Kongunadu Arts and Science College delivered a lead lecture

Dr. S. Paulsamy, Coordinator, ISCA, Coimbatore Chapter proposed the vote of thanks

Students of higher classes in all the three schools actively participated in the seminars. The lectures were very useful and the students clarified their doubts in basic and applied sciences and technology. The young minds get refreshed through these lectures and they gained knowledge and information about the role of science and technology in our national development. They were motivated effectively to study and do research in future in the applied areas of science and technology. Participation certificates and seminar kits were provided to all students of all schools. The summary of the lectures of the resource person are provided separately as booklets. 30 students were acted as volunteers in providing the entire programme a successful one.

Name of the Activity	Knowledge acquisition on “Indian Traditional practice” for school students
Organizing Unit	Indian Science Congress Association, Coimbatore Chapter

Exhibition was conducted in Kongunadu Arts and Science College on the above mentioned theme. **Dr. T. Muraleeswari**, Principal, Kongunadu Arts and Science College welcomed the gathering. **Smt. C.A. Vasuki**, Convener of Coimbatore Chapter, ISCA and Secretary, Kongunadu Arts and Science College presided the function. **Dr. Rajeev K. Srivastava, I.F.S.**, Additional Principal Chief Conservator of Forests, and Director, Tamil Nadu Forest Academy, Coimbatore inaugurated the exhibition. Students from 20 schools and 10 colleges in the district participated in the exhibition that saw 146 exhibits on climate, soil, rain water harvesting, medicinal plants, domestic animals, seed storage, man-animal conflict, healthcare and biodiversity conservation. Photographs of 120 most important medicinal plants used by various tribal communities too were on display. 20 students were made the programme arrangements and also participated in exhibiting their traditional things. Appreciation of the participant’s work in order to encourage them prizes were awarded. At school level, S. Sabarishan and R. Sivaramakrishnan of Thailaxmi Matriculation School won the first prize for their exhibit on ‘Traditional knowledge on flood control’. S. Shreyas and S.D. Madhumitha of Vidya Vikasini Matriculation Higher Secondary School won the second prize for their exhibit on ‘Practices in sea water purification’. S. Barani Viknesh and J. Hari Krishnan of the same school won the third prize for their exhibit on ‘Bioplastic out of decayed food waste’. At College level, V. Ravichandran, Research Scholar in Botany, The Madura College, Madurai won the first prize for his exhibit on ‘Traditional medicinal plants’. S. Rimshi and M.P. Deepthi, II M.Sc., Zoology, Kongunadu Arts and Science College won the second prize for their exhibit on ‘Undistrubing the nature for sustainable agriculture in India’. G. Yamuna and P. Tamil Selvi, III B.Sc., Chemistry, Kongunadu Arts and Science College won the second prize for their exhibit on ‘Ayurvedic Doshas for healthy life’. Consolation prizes were given separately for the participants of schools and colleges. Participation certificate was given to all participants.

Name of the Activity	Training Programme on 'Mushroom Cultivation' For Women Self Help Group Members, Madurai.
Organizing Unit	READ trust training centre, Solvandhan

READ Trust, New Delhi and Kongunadu Arts and Science College (Autonomous), Coimbatore - 641029 organised a training programme on 'Mushroom Cultivation' at READ Trust Training Centre, Sholavandan, Madurai District, Tamil Nadu on 06.11.2015 and 07.11.2015 for Women Self Help Group Members. The training programme was inaugurated by Dr. Mahesh Kumar, Assistant General Manager, NABARD, Madurai. Mr. Alaguvel, Director, READ Trust, Sholavandan, Madurai welcomed the gathering. Dr. S. Raja, Assistant Professor in Zoology, Kongunadu Arts and Science College (Autonomous), Coimbatore - 641029 and Co-ordinator of the training programme gave an introductory talk about the opportunities for revenue generation and skill development for the women self help group members. Mr. S. Kathiravan, Assistant Professor in Biochemistry, Kongunadu Arts and Science College (Autonomous), Coimbatore - 641029 acted as a resource person and gave an address on various types of mushrooms and their importance. Mr. Selvanantham, A mushroom entrepreneur from Coimbatore elaborated the marketing strategies for mushrooms. The training programme was sponsored by NABARD. Inaugural function was followed by successive technical sessions. The technical sessions were handled by Mr. S. Kathiravan, Assistant Professor in Biochemistry, Kongunadu Arts and Science College (Autonomous), Coimbatore - 641029. The first session was about the cultivation technology of oyster mushroom. The second session was on economical importance of mushrooms. The documentary films on mushroom cultivation were screened to the participants. The demonstration session was handled by Mr. S. Kathiravan, Assistant Professor in Biochemistry and Mr. M. Karthik, Ph.D Scholar in Biochemistry, Kongunadu Arts and Science College (Autonomous), Coimbatore - 641029. The participants were given hands-on training on processing of substrate and oyster mushroom bed preparation. After the hands-on training, an interaction session was held and the participants were made to interact and they got a better understanding about the techniques of mushroom cultivation. All the participants were given a training manual 'Laabam Tharum Maruthuva Kaalaan Valarpu' by Dr. S. Krishnakumari, A publication of Kongunadu Arts and Science College (Autonomous), Coimbatore. A total of 30 people were benefited out of this training programme.
