Celebration of World Environment Day-2018

Global event of World Environment Day was celebrated on Tuesday (June 5th, 2018) to create awareness among people on how plastic is a slow killer, here are some front-runners near you who are striving for a plastic-free world, the theme of this year's Environment Day is '**Beat Plastic Pollution**'. Dr.CA Vasuki, Secretary and Director presided the event, Dr. V. Janarthanan, President, Coimbatore Environment Society, Shri. Saravanan, programme officer, WWF-India and Village leaders participated. The Staff members and Students of the college, Volunteers from Ecoclub, WWF-India, Youth Foundation and publics took pledge on the theme of Beat Plastic Pollution for conservation of nature and natural resources to future generation. These volunteers cleaned plastics wastes and planted saplings in lake at Vellakinar. The volunteers of the club motivated the people to keep their surroundings green and plastics free environment by undertaking plantation of trees and also sensitize them to minimize the use of plastics. Dr. S. Raja, Coordinator, Ecoclub proposed vote of thanks .

DEPARTMENT OF COMPUTER SCIENCE [AIDED]

The Department of Computer Science Organised a Training Programme on “Climate Variability and weather forecasting” sponsored by University Grants Commission, New Delhi for Agriculturists on 20-03-2019 in Hall No:G5 of the College. The agriculturists numbering 23 participated in the programme.

The Guest Speaker Dr.Raja, Principal Scientist ,TNAU ,Coimbatore explained the climatic variations and Weather Forecasting. He explained in detail the different climatic conditions and the appropriate crops that need to be cultivated. He elucidated how different crops can be effectively protected based on the weather forecasting. Also, he explained the “Soil

Management” and effective cultivation of crops suitable for different types of soil. The Agriculturists interacted with him by seeking clarifications for their doubts. The programme enriched the Agriculturists about various climates and the importance of weather forecasting for protection and better cultivation of crops.

ONE DAY AWARENESS PROGRAMME ON

“MEASURES FOR ENVIRONMENTAL PROTECTION”

One day awareness programme on "Measures for Environmental protection" was given to the school students at Thiru. V.C.V Govt Higher Secondary School, Vellakinar on 21st March, 2019. The programme was funded was UGC (CE) Scheme.

During this awareness programme some of the UG and PG students from the Zoology Department, Kongunadu Arts and Science College, Coimbatore went to the school to interact with the students about environmental awareness and the protection measures that need to be followed. The program was conducted on 21st March which was also 'International Forestry Day'. The programme aptly followed the theme for the forest day in 2019 which was 'Forest and education'. The Aim of this meet was to educate the young students the problems that have risen because of the societal exploitation of nature and also to inform them regarding the preventive measures that can be followed.

The interaction with the students was lively and the different kinds of pollution was briefly explained to them in the native tongue by Dr. S. Binu Kumari, Assistant Professor in Zoology, Kongunadu Arts and Science College, Coimbatore. After the explanation about the different environmental damaging problems, a presentation was carried out for the students to view the real picture depiction. The pictures were collected from news articles and reports from the Government organisations. The idea was to show the students the damage caused to their surrounding environment by showing them local pictures of in and around Coimbatore.

The programme came to end with a short speech from the Head Master of the school and then as a token of gratitude and also to advertise the ban of plastic use, Dr. S. Binu Kumari gifted the students and teachers with cloth bag, reminding them the importance of 3 R's in life –

REDUCE, REUSE and RECYCLE.

AWARENESS PROGRAMME ON

VERMITECHNOLOGY FOR FARMERS (22-03-2019)

PG and Research Department of Zoology organized an awareness Programme sponsored by University Grant Commission (CE) for farmers entitled "Vermitechnology for Farmers" on 22-03-2019 at the organic farm of Mr. M. Krishnamoorthy, Organic Farm, Pannimadai, Coimbatore, TN. Nearly 25 farmers including women actively participated in the training programme.

Programme started around 9.00 AM on 22-03-2019 and the Organizing secretary Dr.P.Kathireswari, Assistant Professor of Zoology welcomed the Farmers and guest and Mr. M.Krishnamoorthy, Natural farmer, Kanuvai inaugurated the function. First Technical session by Dr. P. Kathireswari started around 10:30 AM and she gave a talk on different vermiculturing techniques for small scale and large scale production of vermicompost. Farmers were trained to produce vermicompost in a cost effective way without large investment.

Second technical session by Mr. M.Krishnamoorthy, who explained his experiences on organic farming with integrated cropping in his 4.5 acres land which has highly attracted the attention of farmers for sustainable agriculture, horticulture and integrated cropping for Economical development. Farmers realized the impacts of chemical fertilizers and it's tremendous pressure on agro- ecosystem. Increasing use of chemical fertilizers lead to serious problems in agro-ecosystem and also polluting air, water and soil, killing of beneficial and non target organisms and destruction to eco-cycles. The use of vermicompost as bio-fertilizer will certainly add great relevance in solving the todays problems. The third technical session included the integrated farm visit and Vermicompost preparation.

The most urgent need of our country is the promotion of an evergreen revolution designed to increase farm productivity in perpetuity without ecological harm. For this purpose we organized and popularized "Vermitechnology for Human Welfare and sustained future of our country".
