(Mohamed Faizer. K.S)

All Investigations have their Limitations which are imposed by the limits of sensitivity and specificity of individual assay procedures as well as the specimen received by the laboratory. Isolated Laboratory investigations never confirm the final diagnosis of the disease. Laboratory test results may vary depending upon age, sex, time of sample collection, diet, medication Physiological Variations. Report may vary depend on technology. Value of two technologies are not comparable.

To whom so ever it may concern

This is to certify that **MOTHESHWARAN.N** from **Kongunadu Arts and Science College** has been trained in our Organization from 1st May to 20th of May in Biochemistry Department. During his training period he was very keen in his theory and practical works endured to him.

His conduct and behavior throughout his training was Good.

We wish him a very best for all his future endeavors.

Managing Director

(Mohamed Faizer. K.S)

All Investigations have their Limitations which are imposed by the limits of sensitivity and specificity of individual assay procedures as well as the specimen received by the laboratory. Isolated Laboratory investigations never confirm the final diagnosis of the disease. Laboratory test results may vary depending upon age, sex, time of sample collection, diet, medication Physiological Variations. Report may vary depend on technology. Value of two technologies are not comparable.
