PG & Research Department of Biotechnology
BIOFIESTA'14

“BIOFIESTA '14 – a State Level Talent Hunt for School Students” has been conducted by PG and Research Department of Biotechnology on the 8th of August 2014 at our college premises. The programme was conducted to allure the students towards science and to create awareness on various science fields and to make them explore the recent trends in science especially Biotechnology.

The programmewelcome address was delivered by Dr. R. Thirugnanasampandan, Assistant Professor in Biotechnology, Programme Organizing Secretary Biofiesta'14. Inaugural address was given by Dr. T. Muraleeshwari, Principal and felicitation by Dr. V. Sugantha, Dean, SF courses. Events like science quiz, 3 minutes presentation on various science topics, soap carving, facial painting, model presentation, photography, science skit and short Film were conducted. The topics were given with science as background for the changes caused in environment by mankind.

About 170 students (VI-XII) from PSBB Millennium School, SSVM world School and SSVM Mettupalayam have energetically participated in all the events. The views of the students on the topics given were entirely different in all the perspectives. At the end of the day the winners were appreciated with shields and certificates, participants were encouraged with participation certificates. All the dignitaries and judges were honoured with mementos. The overall trophy was taken away by SSVM Mettupalayam, third time in a row.

Valedictory address was given by Dr. B. Lakshman Kumar, Assistant Professor, Department of Biotechnology and Vote of Thanks by Mr. S. Rathish Kumar, Research Scholar, Department of Biotechnology.

About the college

Kangra Arts and Science College Established in the year 1975 is an autonomous institution affiliated to Shanidar University, Dibrugarh. The college was re-accredited by NAAC with grade 'A' status (CPA-3.64 3rd Cycle). The college was conferred with potential for excellence by UGC and "STAR" College Scheme by Department of Biotechnology, Government of India and has been reaching forward transparently in the field of higher education and research in all branches of arts, science and management studies. The college is located on NH 67 (5 km away from heart of the city). The campus is a serene, verdant and ideal setting for an educational institution to contribute positively to the development of the student's personality and spirit.

About the department

The Department of Biotechnology was started in 1996. The Department offers Undergraduate, Postgraduate, M.Phil, and Ph.D., programmes in Biotechnology. The students quest their thirst for knowledge under the guidance of committed faculty members, whose research interests include plant biotechnology, animal biotechnology, microbial and biosensor technology, environmental biotechnology, molecular biology, genetic engineering, genomics and proteomics. The unique research environment provided in the department is urging the students to do research in their respective fields. The Department is well equipped with student laboratories, research laboratories and separate labs for molecular biology, genetic engineering, plant tissue culture and microbial technology. The Department faculty have also been contributing to high quality research in the hot line areas of Biotechnology. Faculty members also collaborate with scientists from institutes in India and abroad and they are also actively involved in development of entrepreneurship in potential areas of Biotechnology.

The general goal of the Department is to impart quality education, training and research capabilities in

the younger Generation to build a strong future. India in Science and Technology and to develop motivated professionals for facing global challenges in the field of Biotechnology. The Department also aims to create awareness among the society to harness the benefits of modern Biotechnological innovations.

EVENTS

1. Quiz - (two per team)
2. Just a Minute - (individual)
