OUTBOUND TRAINING – 2026

27.07.2026

The 33 students of I B.Sc. Computer Science (Cyber Security) (2026-2029 Batch) and 1 faculty Members went on an outbound training programme to KoDesam, Pollachi on 27.07.2026.

The objective of providing students with practical exposure to environmental conservation, biodiversity, and sustainable development. The programme was designed to complement classroom learning through field-based activities and direct interaction with the natural environment.

During the training, students explored the ecological features of the Eco Park and learned about the importance of protecting natural resources. The resource persons explained various aspects of biodiversity, ecosystem conservation, and the need for sustainable environmental practices. Students also observed different plant species and gained awareness of the role of vegetation in maintaining ecological balance.

The training included adventures and field activities that encouraged students to understand environmental issues through practical observation. Students actively participated in the programme and it enhanced their practical knowledge, environmental awareness, and sense of responsibility towards nature.

The Students of I B.Sc Computer Science (Cyber security) along with One faculty members visited to KoDesam, Pollachi on 27.07.2026.
