Title of the Webinar : One Day Virtual Seminar on
Strategies in Designing and Filing of Intellectual Property
Rights

Resource person : *Dr. V. Bhuvaneshwari*
IPR Coordinator and Assistant Professor
Department of Mechanical Engineering
KPR Institute of Engineering and Technology
Coimbatore, Tamil Nadu, India

Total number of the : 53
participants

Mode of the programe : Online

Organizing Secretary : Dr. J. Anitha, Asst. Prof. of Biochemistry (PG and Research)

One day seminar on virtual mode on “Strategies in Designing and Filing of Intellectual Property Rights” was organized by the Department of Biochemistry (PG), KASC-IIC, KASC.53 participants were joined in the gmeet whose code is **vnt-kwzd-ywd**. The program was started with a prayer song sung by the students, followed by the welcome note given by **Dr. S. Monisha**, Assistant professor, Department of Biochemistry. Then the resource person **Dr. V. Bhuvaneshwari, IPR Coordinator and Assistant professor**, Department of Mechanical Engineering, KPR Institute of Engineering and Technology, Coimbatore started to deliver details note on virtues in patenting and its awareness for the importance in innovations. The session was eye opening for the participants for the commercial patenting for products and geographical patenting and Screenshot images taken during the workshop.

Agenda of the Programme

Prayer song	:	Ms. S. Mrudhulla, PhD., Research Scholar in Biochemistry
Welcome and introduction to chief guest	:	Ms. PJ Sherin, Research Scholar of Biochemistry (PG and Research), KASC Dr. S. Monisha Assistant professor of Biochemistry
Lecture		<i>Dr. V. Bhuvaneshwari</i> IPR Coordinator and Assistant Professor Department of Mechanical Engineering KPR Institute of Engineering and Technology Coimbatore, Tamil Nadu, India
Vote of thanks	:	Dr. J. Anitha Assistant professor of Biochemistry

BE A CHANGE MAKER - 13.09.2022

On behalf of the department of psychology, we have conducted a seminar on the title “Be a change maker” at Sister Nivedita hall on 13.09.2022, around 9.00 am. The Resource Person of the program was Ms. M. Anu Kiruthika, Manager, Aram foundation charitable trust, Coimbatore. The objective of the program was to give insight to the students on being a change maker and have a different perspective in all the walks of life and approach every possible thing and becoming a sustainable human being. All the students were registered in the registration desk. The participants of the program consisted of 177 students and teaching faculty from various departments of Kongunadu arts and science college, Coimbatore. The session started with prayer song sung by the students of I B.sc. Psychology. Mrs. Kavitha, Asst professor and Head(I/C), psychology department welcomed the gathering. Dr. Punitha devi and Mrs. Kavitha felicitated the chief guest. Ms. Mary Gayathri, Asst professor, psychology department gave the chief guest introduction. Then the session was handed over to the guest speaker. The guest lecture on “Be a Change maker” helped the students get an idea of how to approach life in a different perspective by implementing small changes in their routine and usual activities. By bringing changes in the small scale could make a big impact in the course of time. The speaker elaborated on her experience about working in the society with various people and how changes brought an impact in their field of experience. The session was thought provoking and the students were engaged in the session actively. The students got insights on being a change maker and have different perspectives in all the walks of life and approach every possible thing on a bird’s eye view and becoming a sustainable human being for both personal and social welfare. Ms. Vasugi, Asst professor, psychology department delivered the vote of thanks. The session was wrapped with the National Anthem.

WORKSHOP ON SELF DEFENSE AND COUNSELLING-2022

The department of Psychology has organized the workshop on self-defense and counselling from 18th October to 21st October at their class rooms C-29, 51 and 52. It was four days programme. The chief guest for the programme is from Aram Foundation Charitable Trust, Coimbatore. Mr. Gokul Raj founder and trustee and martial arts trainer provided the students with self-defense with the help of his volunteers. Ms.Anu Kiruthika Manager, has given the counseling on the topic women's mental health. The aim of this programme is to promote the awareness on women's mental health and provide better counselling for girl child. The self-defense is practiced to tackle against the threat for the individual. 428 girl children from different departments of our college participated in this workshop. Registration fee of Rs.40/- per head was collected from the participants. The participation certificates were provided for the students who took part in the workshop. The workshop is very much beneficial for the girl children and the feedback was also collected from them which provided us with the positive vibes. This programme is one of the eye opener for the girl children which is much needed in the present condition of living. The self-defense session was very wonderful which included 8 defense techniques. Overall the workshop has made an astonishing effect among the students of Kongunadu Arts and Science College.

DAY 1

DATE: 18th Oct 2022

The workshop on self-defense and counselling started with gratitude to the almighty. The prayer song was sung by our psychology department students. Head of the Department, Mrs. Kavitha.B welcomed the facilitator of the workshop Mr.Gokul Raj and Ms.Anu Kiruthika and introduced other members of Aram Foundation Charitable Trust. The self-defense techniques and practice was given by Mr.Gokul Raj, trustee and the counselling session was carried out by Ms. Anu Kiruthika, Manager of Aram Foundation Charitable Trust. 104 girl students from the department of B.Com (A&F), BCA, Bio-Chemistry of our college took part actively.

DAY 2

DATE: 19th Oct 2022

The second day of the workshop started with a spark of positivity with a prayer song. The facilitators gave an introductory speech about the importance of self defense and various activities they engage in the society. The workshop session kick started in the department of Psychology. 109 girl students from the department of Information technology, B.Com (CA) took part with all enthusiasm and eagerness.

DAY 3

DATE: 20th Oct 2022

The day begun with prayer song and the self-defense techniques were taught to the students. The counselling session was handled by Ms. Divya Bharathi about women's mental health. 105 girl students from the Department of Bio Technology, Computer Technology, B.Com (B&I) and Computer Science took part with all enthusiasm and eagerness. The day ended so well and the facilitators were excited to meet the next batch.

DAY 4

DATE: 21st Oct 2022

The last day of the workshop was begun with Tamizh Thaaai Vazhthu. The self-defense techniques were taught and the counselling session was eye opening to the participants. 110 girl students from the departments of BBA CA, B.Com (IT), MA English, B.Sc CS with DA of our college took part in the sessions. Our HOD I/C, teaching faculties, facilitators and volunteers met Dean Academics Dr. S.R.Madhan Shankar and he facilitated the chief guests and volunteers. We discussed about the outcomes of the workshop and future course of action in promoting safety and positive mental health of the girl students of our college.

SEMINAR REPORT

MENTAL STATE EXAMINATION AND CASE STUDY REPORTING

On behalf of the department of psychology, we have conducted a seminar on the title "Mental status examination (MSE) & Case Study Reporting (CSR)" at psychology laboratory on 25.01.2023 around 11.00 am. The Resource Person of the program was Mr. S. Arun Kumar Assistant Professor, CMS College of science and commerce, Coimbatore. The objective of the program was to give insight to the students on mental state examination. The session has included all the steps and procedures to be followed while taking the history from the clients. The participants of the program consisted of II and III Bsc Psychology students of Kongunadu arts and science college, Coimbatore. The session started with prayer song sung by the students of our department. Mrs.B.Kavitha, Asst professor and Head(I/C), psychology department welcomed the gathering. Then the session was handed over to the guest speaker. The guest lecture on mental state examination was very brief and it has provided the greater insight for their upcoming studies and career. Mental status examination can help to distinguish between mood disorders, thought disorders, cognitive impairment etc. It can guide appropriate diagnostic testing and referral to a psychiatrist or other mental health professionals. This session is one of the eye openers for the psychology students in treating mentally ill and the usage of ICD etc. The speaker had explained each topic with the power point presentation which will be more helpful for the students. Over all the session was carried out with the greater success and it was one of the enthusiastic session for the students. Finally certain queries of the students were clarified.

REPORT ON WEBINAR

TEEN'S DEPRESSION & COPING STRATEGIES

ON 17th MARCH 2023

Department of psychology has organized a webinar on “Teen’s Depression & Coping Strategies” on 17th march 2023 in Google meet (www.meet.google.com/ink-yqqs-ubr). The resource person of the webinar was **Mrs.S.V.Jayasree**, Special Educator, Birla public school, Doha, Qatar. 37 students from the Department of Psychology had participated in the webinar. The webinar started at 11.00am with prayer song which blessed everyone with the showers of blessings. 1st BSc. students sang the prayer song which enlightened everyone. Then the welcome address was given by Mrs. B. Kavitha, Assistant professor and HOD, Department of Psychology. The resource person started the webinar with little fundamentals of abnormal psychology. She elaborated on the developmental age of teens with a brief explanation about mood disorders and depression which helped everyone with understanding the essentials about the theme. She emphasized the importance of self-care, support and seeking help at the right time to battle depression at any point of time. She furthermore broke many myths and stigmas about depression and mental illnesses. Her webinar provided the deep sense of understanding for the budding psychologists and her friendly approach towards the students had provided a fair ground in the process of learning about mood disorders in teenage people. The webinar was wrapped up with vote of thanks. Overall, the webinar provided a positive note towards mental health.

Meeting interface showing a presentation slide titled "DEPRESSION MAY BE" with a list of depressive disorders. The slide content includes:

- Major depressive disorder
- Postnatal depressive disorder
- Postmenstrual dysphoric disorder
- Depressive psychosis
- Atypical depression
- Seasonal affective disorder
- Postpartum depression

Pre-Placement Talk - Report

Department Of computer Applications organized Pre-placement talk for III BCA students on 05/09/2022 at C54 class room from 03.00 pm to 04.00 pm in Microsoft Teams platform.

Resource person Mr.R.Niranjan Senior Software Engineer, CG-VAK Software & Exports Ltd, Coimbatore handled the session by providing information regarding interview processes, procedures. He also suggested students to prepare students corporate ready by shaping them to crack upcoming placement drives. He gave interview tips like Resume preparation, Self – Introduction, how to solve online Aptitude questions, facing technical rounds.

Students asked their doubts regarding Working Culture, Job Mode in CG-VAK and they got clarified by the resource person.

Dr.K Sumangala, Head of the Department co-ordinated and Mrs. Indumathi P, Assistant Professor organized the session.

Students of III BCA Ms.Janani delivered Welcome Address and Deepalakshmi gave Vote of Thanks.

Totally 58 students are benefited through this session.

Seminar on "Current Trends in IT Industry"

Knowledge sharpens our skills like reasoning and problem-solving. A strong base of knowledge helps brains function more smoothly and effectively. We become smarter with the power of knowledge and solve problems more easily. * Everyday Life- Knowledge is important and useful in day to day events.

Seminar on “Current Trends in IT Industry” was organized on 06.10.2022, the resource person was Mr. Vijaya Prasad, Project Manager, Cognizant Technology Solutions (CTS), Coimbatore. The event start started with a prayer song by Ms.G. Malavika from II BCA, followed by welcome address delivered by Dr.K. Sumangala, Head & Associated Professor/BCA. Dr. Mythili, Dean School of Computer Science gave felicitation address and shared the importance of association activities like seminar, guest lecture, workshops to enrich knowledge in different domains. Our resource person was Mr. Vijaya Prasad briefly explains the current trends in IT Industries. Gave ideas to enrich skills in different aspects of IT Industries. Students actively participated by asking doubts and made the session more interesting. The session end with Vote of thanks delivered by B. Deepalakshmi of III BCA and with National Anthem. Around 198 students got benefited.

SEMINAR ON “ACCELERATE YOUR CAREER WITH CLOUD TECHNOLOGY” - REPORT

Sharing knowledge helps them connect, perform better, and become stronger as professionals. Seminar on “**Accelerate your career with Cloud Technology**” was organized on 21.10.2022 through online mode. Mr. D. Saravanan, Software Engineer, Walmart Global Technology Services India Pvt., was the resource person. The seminar started with a prayer song, Ms. Janani from III BCA delivered the welcome address. The resource person shared valuable information on Cloud Computing, Cloud Architecture was well explained along with the its types. Cloud services facilitate the flow of user data from front-end clients (e.g., users’ servers, tablets, desktops, laptops—anything on the users’ ends), through the internet, to the provider’s systems, and back. All infrastructure, platforms, software, or technologies that user’s access through the internet without requiring additional software downloads can be considered cloud computing services.

Importance of cloud in IT Industry, advantages and disadvantages of Cloud Computing was also explained. Students raised their queries and the resource person explained and was an interactive session. The Session end with vote of thanks delivered by Ms. Deepa Lakshmi from III BCA.

REPORT ON AWARENESS PROGRAMME BY HUMANE ANIMAL SOCIETY

Department of Computer Applications, Department of Zoology, Youth Red Cross jointly organize "Awareness Programme by Humane Animal Society on 24.1.2023 from 11.30 am to 1.00pm. Resource person Dr. MINI VASUDEVAN, Founder & Managing Trustee, Humane Animal Society, Coimbatore, Dr. S. Mythili, Dean CS, grace the programme with her presence. Awareness programme starts with prayer song sung by Pritika prakash of I BCA(Main). Dr. K. Sumangala, Head and Associated Professor, Department of Computer Applications welcomed the gathering. Resource person briefly explained about establishment, vision, mission HAS. She also explained the activities of HAS like ARV programme, treatment care, rescue and rehabilitation, Forecasting & Adoption, Education & Awareness. Explained about Anti-Rabies Vaccination, treatment care, rescues, Great Indian Breed (GIB), Animal Welfare, five freedoms of Animal welfare. She also gave ideas to help animals by feeding, adopting, foster, sponsor, volunteer help, rescue and discover the world of Love. Dr. S. Manivannan, Assistant Professor, Department of Zoology delivered the vote of thanks. Finally ends with National Anthem. More than 350 students got benefitted through this awareness programme.

REPORT ON SEMINAR ON “BLOCK CHAIN TECHNOLOGY”

Department of Computer Applications, organize “Seminar on Block Chain Technology” on 06.02.2023 from 2.00 pm to 4.00pm. Resource person Mr. Sakthi Prakash, AI Developer, Novi Tech Private Limited, Coimbatore, Dr. S. Mythili, Dean CS, grace the programme with her presence. Awareness programme starts with prayer song sung by Somesh Kumar of III BCA. Dr. K. Sumangala, Head and Associated Professor, Department of Computer Applications welcomed the gathering. Resource person briefly explained about the basic and advance concept of web technology. He also explained the importance of block chain technology. He also gave the knowledge about the current trends on block chain technology. Mrs. S. Nandhinieswari, Assistant Professor, Department of Computer Applications delivered the vote of thanks. Finally ends with National Anthem. More than 35 students got benefitted through this seminar.

REPORT ON BASIC FIRE PROTECTION AND PREVENTION

Department of Computer Applications organizes workshop on “Basic Fire Protection and Prevention “ at Sister Nivethitha Hall on 7.2.2023. Mr.N. Dhanasekar Pandian, Station officer, TN Fire and Rescue Services, Coimbatore North, and Mr. S. Selva Mohan, Station Officer, Fire Prevention Wing, TN Fire and Rescue Services, Coimbatore South were guest of the day. Workshop starts with prayer song by Somesh III BCA. Ms.P.Indumathi, Assistant Professor delivered the welcome address. Mr. S. Selva Mohan explained various causes of fire accidents, types, protection and preventive measures. He also explained about LPG fire preventive measures. Mr.N. Dhanasekar Pandian explained about disaster management, importance of road signals, rules, basics of life and fitness. He also demonstrated different fire protective activities in the open ground. Dr.G. Dona Rashmi, Assistant Professor delivered the vote of thanks. Around 198 students, 30 non teaching staffs got benefitted. Finally the workshop ended with National Anthem.

REPORT FOR AWARENESS PROGRAMME ON “INTERNET THREATS”

Department of Computer Application organized an Awareness Programme on “Internet Threats” on 25.02.2023 in Lab II to create awareness on usage of Internet in our daily life among students. The Programme starts with a prayer song by Pritika Prakash from I BCA(M). Mr. Barath from I BCA(M) welcomed the gathering. Dr. G. Dona Rashmi, Assistant Professor, Department of Computer Applications, Kongunadu Arts and Science College, explained the importance of Internet, and its threats. Basics of Malware, Phishing, Man in Middle Attack, Distributed Denial of Service, Brute Force, SQL Injection, Domain Name System attack were shared among students. Ms. P. Indumathi, Assistant Professor, Department of Computer Applications, Kongunadu Arts and Science College, explained about security beaches, basics, needs, importance of Cyber Security. She also shared about various types of cyber security such as Network, Application, Information, Identity Management, operational security, Mobile, Cloud. Benefits of cyber security were explained and some tips to protect from various threats were discussed. Mr.Denzil, from I BCA (A) propose the vote of thanks. Finally awareness programme ends with National Anthem. Around 180 students got benefited by the awareness programme on “Internet Threats”.

REPORT FOR WORKSHOP ON “SOFTWARE TESTING”

Department of Computer Application organized an online workshop on “Software Testing” on 27.2.2023. The program was held at Audio Visual Room, Library & Information Center, KASC. The programme commenced at 2 pm through online platform MS-Teams. The session started with a prayer song by Ms. Malavika G from II BCA. Ms. Deepashree E from III BCA welcomed the gathering. Ms. Kanishka from III BCA gave a detailed chief guest profile. Resource Person Mr. SenthilKumar Subramaniam, Senior Software Tester, CIKLUM India Limited, Chennai started the session with the introduction to Software Testing, importance software testing is essential in recent days, SDLC Model. He also explained about waterfall model, Agile testing methods, life cycles. Simple test cases were given and the skill sets for test engineering were explained. Importance of functional, non-functional testing, types of testing like Automation testing, Manual testing, Software Development life cycle, different levels of testing were also discussed.

Application layer, Interface layer, Different phases of plan like design, coding, building, testing, test plan were explained for the better understanding of the students. He also gave a clear idea about leakage, errors, major categories of errors, different kinds of test environment, priority, severity. He also stressed the need of technical skills for software tester, test approach starting from requirement to test case design. Around 100 students got benefited. Ms.K. Kanishka K from III BCA propose the vote of thanks. The workshop end with National Anthem.

INTER DEPARTMENT COMPETITION IN CONNECTION WITH GOLDEN JUBILEE CELEBRATIONS

Department of Computer Applications organized an Inter Department Competition in connection with Our College Golden Jubilee Celebration on 09.03.2023 with the following Events.

1. Poster presentation
2. One minute Video
3. Power point presentation

We invited all the students from all streams, to participate in various activities. Contents may include the following:

1. Virtual Tour of KASC
2. Milestones of KASC
3. Iconic Events of KASC
4. VIP's Visits in KASC
5. Glimps of Major Records Or awards by KASC
6. Best practices and even more of KASC..

Participants were instructed to refer our college website in order to explore the journey of KASC. Two participants per team were allowed. The event started with prayer song by Pritika Prakash from I BCA. Totally 18 participants registered for events from various departments. All the participants will receive participation certificate. Dr.K.Sumangala, Ms.P. Indumathi were judges for three events. Participants presented and explained their creativity, with helps to enhance various skills. Prize winners of various events were appreciated by giving certificates.

One Minute Video – I - Thamizhagan T, Gokulakrishnan S

II – ChirppyD ,Abishek K

III – Abinaya S, Hema Shalini Y

Power Point Presentation - I – Srividhya R, Premkumar G

II- Aravindsundaram S, Chandrasekar C

III – Vanitha L, Ganga Dei V

Poster Presentation - I – Vishwa M, Aswini K

II – VirushnaTharagan M, Shivanithish V

III – Lalithkumar M, Surya Prakash M

REPORT ON THE WEBINAR

The Department of Computer Science has organized a webinar on "*Current Trends in Data Analytics and Machine Learning*" on 11/July/2023 (Tuesday) between 03:00 PM to 04:00 PM, through the Microsoft Team platform. The lecture in this webinar was given by Dr. B. Satheesh Kumar is working as Assistant Professor, in the School of Computing Science and Engineering, Galgotias University, Greater Noida, Uttar Pradesh, India.

Dr. R.SaravanaMoorthy, Associate Professor and Head, Department of Computer Science (SF) chaired the session and delivered welcome address. Dr. A. Immaculate, Assistant Professor introduced the resource person **Dr. B. Satheesh Kumar**.

Dr. B. Satheesh Kumar has delivered a lecture on the topic "*Current Trends in Data Analytics and Machine Learning*". He explained about the importance of Data Analytics and Machine Learning etc.

We received good response from the audience and also they gave very good feedback. The resource person thanked the organizers for arranging the live webinar. At the end of the webinar Dr. S.Velmurugan, Assistant Professor delivered the vote of thanks. He thanked the resource person, Management, Director Kongunadu Arts and Science College (Autonomous), Faculty members, participants and other officials for their active support for making the programme to be successful.

Report on the Webinar

The Department of Computer Science has organized a webinar on “Big Data and Cloud computing (AWS)” on 20/07/2023 (Thursday) between 03:00 PM to 04:00 PM, through the Microsoft Team platform. The lecture in this webinar was given by Mr.Gowtham.SB is working as Senior Data Engineer, Paypal, Chennai.

Dr. R.Saravana Moorthy, Associate Professor and Head, Department of Computer Science (SF) chaired the session and delivered welcome address. Dr. A. Nithya, Assistant Professor introduced the resource person Mr.Gowtham.

Gowtham has taken a lecture on the topic “Big Data and Cloud computing (AWS)”. He discussed about the Big data and their problems with real time example. Around 130 students and 10 faculty members from Computer science department were participated and benefitted through this session.

We received good response from the audience and also they gave very good feedback. The resource person thanked the organizers for arranging the live webinar. At the end of the webinar Mr.B.Manogaran, Associate Professor delivered the vote of thanks. He thanked the resource person, Management, Director Kongunadu Arts and Science College (Autonomous), Faculty members, participants and other officials for their active support for making the programme to be successful.

Report on the Awareness Programme

The Department of Computer Science (SF) & Department of Computer Applications has organized an Awareness Programme on “India Emerging as a Global Wellness and Ayurvedha Hub” on 26/07/2023 (Wednesday) between 02.30 PM to 04:30 PM, at Niveditha Hall, . The lecture in this awareness programme was given by Dr.K.J. NihilaVenkatachalapathy BAMS., CGO is Chief Ayurvedha Doctor, Naadi Specialist, Founder – Ayur Mantra Trust, Dharma VidhyaPaatasala. Dr. R.SaravanaMoorthy, Associate Professor and Head, Department of Computer Science (SF) chaired the session and delivered welcome address. Dr.A.Immaculate, Assistant Professor introduced the resource person Dr.K.J. NihilaVenkatachalapathy.

Dr.K.J. NihilaVenkatachalapathy has taken a lecture on the topic “India Emerging as a Global Wellness and Ayurvedha Hub”. She discussed about the Informative concepts regarding importance of ayurvedha and a way for wellbeing which is required for every individual to lead a healthy life.

We received good response from the audience and also they gave very good feedback. The resource person thanked the organizers for arranging the awareness programme. Around 500 students and 20 faculty members from Computer Science (SF) and Computer Applications department were participated and benefitted through this session. At the end of the Awareness programme, Dr.K.Sumangala, Associate Professor delivered the vote of thanks. She thanked the Resource Person, Management, Director Kongunadu Arts and Science College (Autonomous), Faculty members, participants and other officials for their active support for making the programme to be successful.

INDUSTRIAL VISITS (2023)

Industrial visits by students

Name of the Programme: Industrial visit to Radio Astronomy Centre

Objective: To enhance knowledge about Radio Astronomy and Astro Physics

Venue: Ooty

Date: 29.08.2023

Details of the programme:

The Students of Computer Science(SF) UG III and PG II (54) and 4 staff coordinators (Ms.N.Paviyasree, AP/CS (SF), Ms.A.Immaculate, AP/CS (SF), Ms.S.Vanjimalar, AP/CS (SF), and Dr.S.Velmurugan, AP/CS (SF), visited the **Radio Astronomy Centre** at Ooty on 29.08.2023. This Radio Astronomy Centre (RAC) is purely a Research organization engaged in Research and training Ph.D students in the field of Radio Astrophysics.

It operates the Ooty Radio Telescope (ORT), which is an equatorial mounted cylindrical parabolic of size 530 m long and 30 m wide. The visiting students will be shown a video show on the radio telescope and basics of radio astronomy.

They also visited the telescope site and watch the rotation of the telescope

Feedback:

1. It was Very useful to gain knowledge about the radio telescope and also the basics of radio astronomy.

Students at Radio Astronomy Centre – Ooty

Mentor– Mentee Report

Regular as well as ad hoc faculty members form the core group of mentors. At present the department has 10 faculties as mentors. Each mentor is entrusted with a batch of 20 -25 students. Every year the mentors are given formal training at the beginning of the academic year. Each student is under the close monitoring and guidance of the mentor. The mentor is expected to conduct at least three group level interviews of his group every year. The personal level interview with the students is also conducted periodically. All mentors keep a confidential data sheet about their students - mentor’s assessment of students-which records are part of mentoring done by the teachers. These reports are periodically evaluated by a team of teachers. The mentors, through periodical interactions with the mentees, identifies the academic, societal and psychological needs of the mentees and informs them further about the various support systems available.

The Support systems provided by the institution are Care and Share scheme, SC/ST Cell, and Remedial Coaching Cell. Mentors and teachers extend emotional and moral support to students who require special attention. Frequent contact is maintained with the parents of such students and the help of the counsellors are made available to the parents also. Slow learners and lazy learners are identified by the mentors through constant monitoring of the academic performance with the help of the mentor’s Diary. They are given remedial coaching and counselling. Advanced learners are also identified at different stages. At the time of admission, they are identified on the basis of outstanding track record. The performance in the continuous evaluation process also is tapped to mark the talented. They are then provided with opportunities to enhance and hone their skills.

Department of Computer Science

Mentor-Mentee activity is one of the central pedagogical activities of the department as the student teacher relationship is very significant for an educational institution. It helps the faculty to understand the cultural, economic and social needs of the students. This is essential for helping the students to achieve their dreams and goals. The Department of Computer Science (SF) organized many programmes for the development of the students. These programmes involve both curricular and co-curricular activities. Guest lecture on **“Psychosocial Fact”** was organized on 01 September, 2023. Mrs.B.Kavitha, Assistant Professor & Head, Department of Psychology was invited as Chief guest. This session was beneficial to mentees as it has helped in improving their skills.

As the part of this program the department divided the students to different groups under the supervision of different mentors and all the mentors are under the control of HOD.

The mentors organise various activities like debates, assignments, group discussion and also personal meetings with their mentees. And mentors submit the reports of their students to the HOD. Additionally, a mentor also identifies the academic prowess of his mentees through constant analysis of their academic performances. As per their academic caliber the mentees will be distinguished as advanced and slow learners. The mentor will then direct slow learners to overcome their weak areas and provide them will special classes. The mentor directs the advanced learners to take up Massive Online Open Courses (MOOCs) recommend them to different softwares as per their interests. Also, those identified as advanced learners are encouraged to be peer teachers for their classmates.

The following are the outcomes observed in the students as a result of the mentoring system,

- Improved their confidence level.
- Developed competency.
- To develop their career prospects.

Day 1:

Date: 04/09/2023, Monday

Time : 05.00 PM to 07.00 PM Indian Standard Time (IST)

Topic : Cloud Computing with DevOps Development

Resource Person : Mr.A. Gnanasekar, Data Architect, Kyndryl, Bangalore, Karnataka, India.

A faculty development programme was organized from 04th September 2023 to 16th September 2023 at Kongunadu Arts and Science College (Autonomous), on the above mentioned topic. This was a twelve days Faculty Development Programme where various related subtopics were discussed in detail by eminent educationists and a very beneficial academic environment was experienced by the participants.

We are proud to announce that the FDP experienced an overwhelming response from faculty and aspiring researchers across several colleges and universities. A total of 600 participants registered for the event from various districts. During this event, eminent experts from Industry and academia guided the participants on various aspects of research in Science and Technology. Also, the queries of the participants were well addressed by the speakers.

The FDP was started on 04th September 2023, the dignitaries were welcomed by the Secretary and Director Dr.C.A.Vasuki, Principal Dr. L.Lekshmanaswamy. The first technical session was on the topic Cloud Computing with DevOps Development and the guest speaker was Mr.A.Gnanasekar, Data Architect, Kyndryl, Bangalore, Karnataka, India. Mr.A.Gnanasekar discussed the use of Cloud Computing with DevOps Development.

Day 1 program began with a prayer by the B.Sc Computer Science (SF) Students, Sanjana and Sandhya, followed by Welcome address and FDP dynamics by Dr.R.Saravana Moorhty, Head and Associate Professor, Department of Computer Science (SF). The introduction to the speaker was given by Dr. A.Nithya, Assistant Professor, Computer Science (SF). The Mission of the Topic to the speaker was given by Dr. M.Jagadeeswari, Assistant Professor, Computer Science (SF). The resource person Mr.A.Gnanasekar where he talked about Cloud Computing with DevOps Development for diversity

various questions were raised on the topic participants which made the discussion very likely. After the last session of the FDP i.e. the Vote of Thanks to the speaker was given by Mr. B.Manogaran, Assistant Professor, Computer Science (SF).

The screenshot displays a Microsoft Teams meeting window. The top bar shows the meeting URL: teams.microsoft.com/_/#/modern-calling/. The meeting title is "Challenges of Cloud Computing". The interface includes a video feed of the speaker, Dr. R. Saravananamoorthy, and a list of participants. The participants list shows 72 people in total, with 4 presenters and 68 attendees. The presenters listed are Hemalatha D, KATHIRVELKUMARAN L, and Senthilkumar N. The attendees listed include Dr.S.Velmurugan (Guest), Dr R Priya (Guest), Meeting guest (MG), A.DHIVYA (Guest), and A.Jane (Guest). The presentation slide is titled "Challenges of Cloud Computing" and lists four main challenges: Security and Privacy, Vendor Lock-in, Downtime and Reliability, and Data Transfer and Bandwidth Costs. The slide content is as follows:

Challenge	Description
Security and Privacy	Storing data off-site raises concerns about data breaches and regulatory compliance.
Vendor Lock-in	Dependency on a single cloud provider can limit flexibility and complicate migration.
Downtime and Reliability	Cloud outages can impact services, so it's important to consider redundancy and reliability.
Data Transfer and Bandwidth Costs	Moving large amounts of data to and from the cloud can incur costs and affect network performance.

The bottom of the screenshot shows the Windows taskbar with various application icons and the system clock indicating 5:52 PM on 9/4/2023.

The FDP was started on 06th September 2023, the dignitaries were welcomed by the Secretary and Director Dr.C.A.Vasuki, Principal Dr. L.Lekshmanaswamy. The third technical session was on the topic IoT with Cloud Computing Technologies and the guest speaker was Dr. K. Subramanian, Assistant Professor, Department of Computer Science, XIME-Bangalore, Karnataka, India. Dr. K. Subramanian discussed the use of IoT with Cloud Computing Technologies.

Day 3 program began with a prayer by the B.Sc Computer Science (SF) Students, Sanjana and Sandhya, followed by Welcome address and FDP dynamics by Dr.R.Saravana Moorhty, Head and Associate Professor, Department of Computer Science (SF). The introduction to the speaker was given by Mrs.N.Paviyasre, Assistant Professor, Computer Science (SF). The Mission of the Topic to the speaker was given by Mrs.S.Vanjimalar, Assistant Professor, Computer Science (SF).

The resource person Dr. K. Subramanian, Assistant Professor, Department of Computer Science, XIME-Bangalore, Karnataka, where he talked about IoT with Cloud Computing Technologies for diversity various questions were raised on the topic participants which made the discussion very likely. After the last session of the FDP i.e. the Vote of Thanks to the speaker was given by Dr.S.Velmurugan, Assistant Professor, Computer Science (SF).

The screenshot shows a Zoom meeting in progress. The top toolbar includes icons for Take control, Pop out, Chat, People (138), Raise, React, View, Rooms, More, Camera, Mic, Share, and a red Leave button. The main window is divided into three sections. On the left is a video feed of a participant. The center section displays a presentation slide titled "IoT – Time based Data analytics" which features a diagram of a smart farming system. The diagram shows a 3D view of a field with various sensors and data points labeled: Humidity, Luminosity of the light from the light source, Ambient Temperature, Flow of water and nutrients, Temperature of The solution chamber, and Moisture of the soil. On the right is the "Participants" panel, which includes a search bar, a "Share invite" button, and a list of presenters: Dr. R. Saravanamoorthy (Organizer), Dr. K. Subrama... (Guest) (Meeting guest), Hemalatha D, and Princy D. The bottom of the screen shows the Windows taskbar with the search bar and several open applications.

“COMPUTER SCIENCE ASSOCIATION” (COMSAC-23)

Organized by Department of Computer Science (SF)

Kongunadu Arts and Science College

Venue: Conference Hall, KASC

Date :11th September, 2023 (10.30 am to 12.30 pm)

A BRIEF REPORT ON

COMPUTER SCIENCE ASSOCIATION (COMSAC-23)

Inaugural Function

The Department of Computer Science (SF) organized the COMSAC-23 Association Inaugural Function on September 11, 2023 at 10.30 am in Conference Hall, Kongunadu Arts and Science College. The inaugural function commenced with invocation and lighting of the lamp. Inauguration started by Dr.RSaravana Moorthy, Associate Professor and Head of the Department, KASC.

Dr.RSaravana Moorthy, HOD welcome Address and Honouring the Chief Guest, followed by Mr.P.Kaliraj & Dr.S.Velmurugan, Assistant Professors, Releasing the Department Booklet, Dr.M.Jagadeeshwari, explored the Department Vision and Mission, Dr.A.Nithya, Assistant Professor reconnoitered the Department Events, Department Future Events keep an eye on by Mrs.S.Vanjimalar, Assistant Professor, Followed by Mrs.N.Paviyasre, Assistant Professor reveal the Department Summary.

Expert Talk given by Mr. Nirmal Sreedharan, Strategist & Edu-Management Consultant, Transformational Speaker, in the topic of “Transformation towards AI Technologies”. He mentioned the key areas of Artificial Intelligence technologies. He has given an insight about the Artificial Intelligence, benefits and availability of demands in market and he extended his speech towards industry 4.0 and 5.0, AI Glass, Data Driven Decision, Geo Fencing and Proximity, IoT Image Reorganization from emerging technologies. It is really very informative session.

Dr.RSaravanaMoorthy, Briefing the Department Booklet. At the end of the programme Mr.B.Manogaran, Associate Professor delivered the vote of thanks. He thanked the resource person, Management, Director, Kongunadu Arts and Science College (Autonomous), Faculty members, students and other officials for their active support for making the programme to be successful.

Day 1:

Date: 09/10/2023, Monday

Time : 05.30 PM to 07.30 PM Indian Standard Time (IST)

Inaugural Address: Mr.Wayan Firdaus Mahmudy, Associate Professor, Faculty of Computer Science, Braejaya University, Indonesia

Topis :Beyond Algorithms: Unleashing the Power of Meta-Heuristics in Computer Science Competency Enhancement

Topic :Unleashing user Delight : Crafting Intuitive – Design Interfaces for Ultimate Satisfaction

Resource Person :Mr.S.K.Dilip Kumar, Senior Digital Designer, British Petroleum, London, United Kingdom

A Professional Development Programme was organized from 09thOctober 2023 to 14th October 2023 at Organized by School of Computer Science, Kongunadu Arts and Science College (Autonomous), on the above mentioned topic. This was a six days Professional Development Programme where various related sub topics were discussed in detail by eminent education and a very beneficial academic environment was experienced by the participants.

We are proud to announce that the PDP experienced an overwhelming response from faculty and aspiring researchers across several colleges and universities. A total of 80 participants registered for the event from various districts and States. During this event, eminent experts from Industry and academia guided the participants on various aspects of research in Science and Technology. Also, the queries of the participants were well addressed by the speakers.

The PDP was started on 09th October 2023, the dignitaries were welcomed by the Secretary and Director Dr.C.A.Vasuki, Principal Dr. L.Lekshmanaswamy. The first technical session was on the topic **Beyond Algorithms: Unleashing the Power of Meta-Heuristics in Computer Science Competency Enhancement** and the guest speaker was **Mr.Wayan Firdaus Mahmudy, Associate Professor, Faculty of Computer Science, Braejaya University, Indonesia**. Mr.S.K.Dilip Kumar discussed the use of Crafting Intuitive – Design Interfaces for Ultimate Satisfaction.

And Second technical session was on the topic **Unleashing user Delight : Crafting Intuitive – Design Interfaces for Ultimate Satisfaction** and the guest speaker was Mr.S.K.Dilip Kumar, Senior Digital Designer, British Petroleum, London, United Kingdom. Mr.S.K.Dilip Kumar discussed the use of Crafting Intuitive – Design Interfaces for Ultimate Satisfaction.

Day 1 program began with a prayer by the B.Sc Computer Science (SF) Students, Sanjana and Sandhya, followed by Inaugural Welcome Address and PDP dynamics by Dr.R.Saravana Moorhty, Head and Associate Professor, Department of Computer Science (SF). The introduction to the speaker was given by Dr. A.Nithya, Assistant Professor, Computer Science (SF). The Inaugural Special Talk on Mr.Wayan Firdaus Mahmudy, Associate Professor, Faculty of Computer Science, Braejaya University, Indonesia. Followed by Inaugural Thank by Mrs.N.Paviyasre, Assistant Professor, Computer Science (SF). The welcome address for the session Mr. B.Manogaran, Assistant Professor, Computer Science (SF). He specially thanked Our Secretary and Director, KASC and other authorities for extending their help and guidance in conducting the program. Go after Special note about professional development programme by Mrs.S.Vanjimalar, Assistant Professor, Computer Science (SF). Followed by Dr.

S.Velmurugan, Assistant Professor, Computer Science (SF).The resource person Mr.S.K.Dilip Kumar, Senior Digital Designer, British Petroleum, London, United Kingdom, where he talked Crafting Intuitive – Design Interfaces for Ultimate Satisfaction for diversity various questions were raised on the topic participants which made the discussion very likely. After the last session of the PDP i.e. the Vote of Thanks to the speaker was given by Dr. M.Jagadeeswari, Assistant Professor, Computer Science (SF). She specially thanked all the dignitaries for taking their time off and deliver the lecture for benefits of all faculties of Computer Science. Mode of Communication was preceded by Mrs.A.Immaculate, Assistant Professor, Computer Science (SF) for the entire session. Around 75 more participants have been benefitted out of this Professional Development Programme (PDF).

Dr.R.Saravana Moorthy, Head and Associate Professor, Department of Computer Science (SF) welcomed the participants

Mr. Wayan Firdaus Mahmudy, Associate Professor, Faculty of Computer Science, Braejaya University, Indonesia has delivered Inaugural speech.

A screenshot of a Microsoft Teams video call. The main window displays a presentation slide titled 'Examp' (likely 'Example'). The slide content includes:

- Machine Operator Scheduling**
 - Objective:
 - Obtain a good and fair operator schedule for all machine operators
 - Constraints:
 - Regulate operator load so that they do not work more than 10 hours a day
 - Work shifts are divided into 3 (morning, afternoon, evening). The schedule ensures that operators get a fair distribution of work shifts

The slide also features an image of a worker operating a machine and text stating: 'A mathematical model can be prepared', 'Can be extended for scheduling:', 'security personnel', 'janitor', 'product delivery officer', and 'Easy and fast to solve for small data'. A small video inset shows Mr. Wayan Firdaus Mahmudy. A 'Recording and transcription' notification is visible. The Teams interface shows 68 participants and the time is 19:10.

Example Problem

- Travelling Salesman Problem (TSP)**
 - A salesman/employee has the task of selling/distributing products to a number of cities
 - Leaving the office, returning to the office
 - The distance between cities is different
 - Objective:
 - Get the total distance/minimum travel cost
 - Constraint:
 - Each city was visited at least once

$$Z = \min \left\{ \sum_{i=1}^n \sum_{j=1}^n c_{ij} x_{ij} \right\}$$

$$\sum_{i=1}^n x_{ij} = 1, \quad \sum_{j=1}^n x_{ij} = 1, \quad \text{for } j = 1, 2, 3, \dots, n-1 \quad \text{for } i = 1, 2, 3, \dots, n-1$$

Distance table between nodes (cities)

Node	Office	1	2	3	4	5
Office	-	7	8	12	11	9
1	7	-	14	8	12	16
2	8	14	-	10	7	9
3	12	8	10	-	13	15
4	11	12	7	13	-	16
5	9	16	9	15	16	-
