“WORLD ENVIRONMENT DAY CELEBRATION ON 04.06.2022 AT PERUR LAKE, COIMBATORE”

The Department of Zoology, Department of Chemistry & Women Empowerment Cell of Kongunadu Arts and Science College in Association with Kovai Kullangal Pathukappu Amaippu jointly organized a Wetland Clearing Campaign in occasion with the “World Environment Day” on 04.06.2022 at Perur Lake, Coimbatore district. There are twenty student volunteers participated the wetland clearing and plantation campaign. Dr. S. Binukumari, Head i/c and Convener welcomed the gathering. Mr. R. Manikandan, Founder and Managing Trustee, Kovai Kulangal Padhukappu Amaippu gave keynote address on the importance of the wetlands in the ecosystem services and brief note on his organization. Dr.R.Venkitachalam, Assistant Professor, Department proposed vote of thanks to student volunteers. The organizers Dr. R. Velmurugan and Dr. M. S. Sivaramkumar, Assistant Professors, Department of chemistry are participated in the event.

The student volunteers initially removed the debris along the Perur Lake bound and dug pit for tree plantation. There are different varieties of 1000 samplings of tree plantation were planted along the perur lake bound with help of our college student volunteers. These volunteers will be engaged for the routine management such as water supply to tree plantation and weed control. These plantations may protect the soil bound from soil erosion and may shelters for various types of fauna.
