Curriculum Feedback Analysis Report
Academic Year: 2022-2023
DEPARTMENT OF MATHEMATICS

REPORT OF ANALYSIS OF FEEDBACK ON CURRICULUM

Feedback form was designed to get the feedback from the Students, Alumni, Parents and Employers about the curriculum. The parameters on which the questionnaire was designed to analyse the level of difficulty, relevance, practical applications and the contemporariness of the curriculum.

STUDENTS FEEDBACK ON CURRICULUM

Majority of the students acknowledged that the syllabus for the prescribed courses was challenging and interesting. The topics had been uniformly distributed term-wise, thus making the syllabus relevant and they accepted that the curriculum was helpful for their employability as well as for appearing in competitive examinations like NET, SET, TET and UPSC Examinations. The students suggested including skill oriented courses in their syllabus.

ALUMNI FEEDBACK- ON CURRICULUM

The Alumni expressed a positive response in terms of relevance of the syllabus where it helps them to develop their personal Skills, enhance their creativity and employability. Most of the Alumni suggested adding to computer programming paper as EDC.

## PARENTS FEEDBACK ON CURRICULUM

The Parents were satisfied with the curriculum as it is relevant to the current scenario and competency level of their wards. They stated that their wards were more confident while appearing for interviews for their employment after graduation and post graduation.
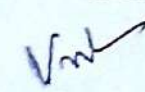

FACULTY FEEDBACK ON CURRICULUM

The Faculties were satisfied with the current syllabus to meet the challenges globally and to gain vast knowledge in respective papers. Also suggested to consider to give provide extra credits to the students who have completed the Swayam/Moocs Courses.

EMPLOYERS FEEDBACK ON CURRICULUM
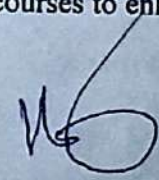

Most of the employers expressed positive response on the syllabus. They found that the syllabus, relevant to the requirements. They suggested adding skill oriented courses to enhance the skills for the employability.

Report of Analysis of Feedback on Curriculum

Academic Year: 2022-2023

Name of the Department: Zoology

Students' Feedback on Curriculum

The students are the most important stakeholders of higher education Institution. Students interest and involvement play key role in both internal and external quality assurance. For the academic year 2022-2023, we have collected feedback from the both Undergraduate and Postgraduate students on curriculum. More than 85% of the curriculum is good and adequate but they suggested to include Industry 5.0 in the relevant subjects to aware about the role of industry 5.0 in current biology.

Alumni Feedback on Curriculum

Our alumni are more valuable for us. They provide us the inputs regarding the improvement to be done in the curriculum both in theory and practical. We always appeal our alumni to provide their sincere feedback on curriculum. We have received nearly 53 feedback from alumni and most of them mentioned that curriculum designed for the extra learning or self learning are intellectually stimulating and fulfilling the expectation. They suggested to modify the content in the core practical 4 – 22PZO4CO for the PG students and also in the core practical 4 – 22UZO6CO for the UG students.

Parents' Feedback on Curriculum

The feedback from the parents was collected on the current syllabus of both undergraduate and postgraduate and analyzed. The parents were satisfied about the curriculum as it is more relevant to the current scenario. They suggested to conduct the classes for the competitive examinations.

Faculty Feedback on Curriculum

The feedback on curriculum was taken from the respective subject in-charge as well the faculty members who are handling the papers. Most of the faculty members suggested to add the

Name of the Department: Biochemistry (UG)

Students' Feedback on Curriculum

The students felt that the current curriculum provides strong fundamentals which help them when they go for higher studies. They also stated that syllabus of the courses in relation to competencies expected out of the programme is excellent. The sequence of the units in the course is very good. The elective subject offered is in relevance to the specialization. The evaluation scheme designed for each course is good. They are happy about the infrastructure of the laboratory and practical sessions. The internship programme and project they underwent during the course was very useful for their higher studies.

Alumni Feedback on Curriculum

The alumni has given a positive feedback on the curriculum offered by the department to the present period. Many courses are very useful for pursuing higher studies in diverse disciplines and have entrepreneurship and employment opportunities. Skill development related courses are included in the programme. Practical courses are good. They suggested to include certificate courses for extra credits.

Parents' Feedback on Curriculum

The parents graded the curriculum as excellent. They stated that the quality of the courses included in the curriculum and the treatment of the students by the faculty in teaching and evaluation are very good. Further, the ambience of the college for effective delivery to the academic programme is very good. They felt the infrastructure of the college is excellent and the job opportunities provided through the college is outstanding.

Faculty Feedback on Curriculum

The faculty was felt that the curriculum for our student is very good and each course has employability or entrepreneurship or skill development.

Report of Analysis of Feedback on Curriculum
Academic Year: 2022-2023
Feedback Analysis Report on Curriculum

Name of the Department: Commerce with Information Technology (B.Com.IT)

Feedback is an essential component of the teaching-learning process. Our Department of Commerce with Information Technology (B.Com.IT) collects feedback from different stakeholders, viz., Faculty, Students, Parents and Employers through structured questionnaire to monitor the attainment of educational objectives based on course outcome and program outcome.

Students' Feedback on Curriculum:

Students were highly satisfied with the curriculum of the course B.Com.IT. They highly appreciated that the course content will fulfil their career goals. They suggested to include Artificial Intelligence (AI), Data Analytics and Machine in the course content.

**Alumni Feedback on Curriculum:** Not Applicable
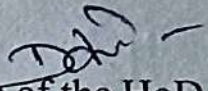

Parents' Feedback on Curriculum:

Parents highly appreciated the syllabi content of the course as it is designed with employability and entrepreneurial skill attainment. They also appreciated the efforts of the faculty members in moulding the students with care and empathy.

Faculty Members Feedback on Curriculum:

75 percent of our faculty members of our department were satisfied with the syllabi content. However, as a student of commerce, familiarization with the subject Artificial Intelligence and Robotics should be incorporated in the curriculum Design. They also recommended to provide the students with add-on courses where the content is designed by the industry and industry-focus.
