

Research Scholar Meeting

On 17.07.2023, Research Scholar meeting was convened and Dr. K. Saminathan, Assistant Professor of Chemistry, Kongunadu Arts and Science College, Coimbatore delivered a lecture on 'I-STEM opportunities to use high-end instruments'. In his speech, he told that it is an initiative of Principal Scientific Advisory Office for Prime Minister. I-STEM stands for 'Indian Science, Technology, Engineering Facilities Map'. Thus it is a network of institutions where high end instruments and other research facilities are available for the benefit of scholars all over India. This set up will be helpful for the young researchers to enable them to find out basic to advanced facilities available in various institutions of India. Kongunadu Arts and Science College received catalytic research grant for skill development of scholars. Using this opportunity, one research article and two patents have been published. Further, he added that every week, our scientist who is maintaining high-end instruments under I-STEM scheme is giving live lecture by online mode for the benefit and interest of research scholars. Totally 55 scholars of all science departments have attended and got benefitted.
