Action Taken Report of Feedback on Curriculum
Academic Year 2024-2025

Name of the Department: English (Aided)

Suggestion Given by the Stakeholders	Action Taken	Remarks
Students	• The current curriculum structure is retained due to student approval and relevance. • Extra modules and workshops will help students prepare for competitive exams.	• Emphasis will continue on course sequencing, credit allocation, and competency alignment • Regular career counseling and guidance sessions will be arranged
Alumni	• Alumni suggestions are being considered for further curriculum updates and enhancements. • Regular alumni interaction will be continued to gather inputs on academic relevance.	• Alumni are satisfied with the curriculum and its impact on careers and higher studies. • Positive feedback reinforces the importance of ongoing syllabus revision and faculty engagement.
Parents	• Regular syllabus updates and technology relevance will be prioritized to meet parent expectations.	• Parents express strong confidence in the curriculum's role in career and higher education success.
Faculty	• Continued incorporation of faculty and stakeholder feedback to enhance curriculum relevance and employability.	• Faculty highly appreciate the updated curriculum, practical courses, and inclusive design process

ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM

Academic Year: 2024-2025

Name of the Department: Mathematics

Suggestions Given By The Stake Holder's	Action Taken	Remarks
✓ **Students' Suggestions** Students suggested to introduce Practical papers in their Syllabus.	Added Excel and R-Programming Practical courses	Appreciated the inclusion of specified Courses.
✓ **Alumni** Suggested adding Mathematical Modelling	Included Mathematical Modelling paper in II Year UG	Students can acquire modelling knowledge in concerned subjects.
✓ **Parents** Parents are satisfied with the syllabus and curriculum design.	Parents are satisfied	Parents are satisfied with our present scheme of syllabus.
✓ **Faculty** Suggested to revise the allied maths courses	Approved to revise allied maths courses for BSc Physics Students	Students will be benefited.
✓ **Employers** Suggested to introduce skill oriented courses to enhance the employability skills.	Added new practical's in MATLAB courses	The Course is highly useful.

ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM

Academic Year: 2024-2025

Name of the Department: Chemistry (Aided)

Suggestions Given By The Stake Holders	Action Taken	Remarks
STUDENTS SUGGESTIONS Students reiterated the need for more exposure to industries, research institutes, and innovative learning experiences. This recurring suggestion reflects their keen interest in practical and research-oriented activities.	Industrial visits, expert talks, and workshops have been organized to provide students with hands-on exposure and real-world insights.	Implemented
ALUMNI Alumni suggested updating the syllabus to bridge the gap between academia and industry and to include relevant topics related to the Indian Knowledge System.	Introduced in Board of Studies	Implemented
PARENTS Parents expressed satisfaction with the curriculum's quality and relevance, confident that it supports their wards' employability and readiness for higher education in line with modern requirements.	Introduced in Board of Studies	Thisacademic system is veryusefulfor the students future.

FACULTIES The curriculum is industry-oriented, incorporating emerging topics like AI, cybersecurity, and new developments in chemistry, while also integrating the Indian Knowledge System (IKS) to align with global challenges and is continuously updated to reflect the latest advancements.	Introduced in Board of Studies.	Implemented
EMPLOYERS /Expert /Industrialist The curriculum provides a strong foundation in chemistry, with practical sessions ensuring students are well-equipped for chemistry-related careers, while the syllabus offers numerous courses linked to promising employment opportunities.	Introduced in Board of Studies	Implemented

## ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM

Academic Year: 2024-2025
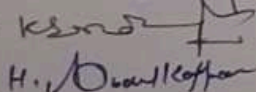

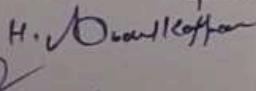

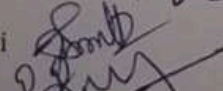

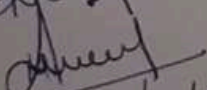

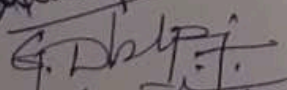

Name of the Department: Botany

| Suggestions given by the stakeholders	Action Taken	Remarks
Students' • It was recommended to conduct more focused training for improving the employability skills of the students.	• Department has organized various career-oriented programmes throughout the academic year, while specialized programmes and soft skill training programmes were conducted by the department in collaboration with the institution's Innovation cell (IIC). Additionally, notifications related with job opportunities relevant to core subjects were consistently updated through regular placement circulars	
• To strengthen the entrepreneurship activities in the college.	• Through the Institution's Innovation Cell (IIC), student entrepreneurs were identified and encouraged to participate in Skill Hackathons. They were also provided opportunities to interact with successful entrepreneurs from various industrial sectors, fostering leadership, self-motivation, and career development.	
• Establish "Student Centered Learning"	• Encourage students' participation in various inter-college and national-level creative competitions.	
Alumni • Alumni members emphasized to have more on interdisciplinary learning and research.	• Workshops/conferences/seminars were conducted periodically focusing on the latest technologies highlighting valuable industrial	

• Alumni wanted more skill oriented workshops to be organized for the students	insights	
Parents' • Feedback sought from the parents were overall very good. The parents also affirmed the transparency in the evaluation/examination system, overall discipline, quality of teaching and relevance of courses offered by the department	• Parents have expressed strong appreciation for the department's overall discipline and the high quality of teaching provided.	
Faculty: • There should be timely updation of the syllabus to suit the current trends and requirements of the society	• The curriculum has been periodically revised and updated in alignment with stakeholder feedback, incorporating recent trends in Plant Sciences to meet communal and societal needs.

ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM

Academic Year: 2024-2025

Name of the Department: **Zoology**

Suggestions given by the stakeholders	Action Taken	Remarks
Students' To add few topics viz., blood smear , motility of bacteria, blastula, gastrula in practical's and few topics related to Indian knowledge system	25UZO609- Core paper 9: Microbiology and Immunology- Traditional Knowledge in Herbal Medicine, Role of Diet in Immunity added for UG students. 25PZO2CM - Core Practical 2: Microbiology and Immunology, Molecular genetics, Biostatistics and Research Methodology and Motility of Bacteria by Hanging drop method, Immuno-Electrophorosis (Demo). 25PZO4CN- Core Practical 3 – Entomology, Evolution and Developmental Biology - Preparation of sperm of bull and microscopic observation of spermatozoa, Observation of live spermatozoa and study of Motility of sperm in bull semen added for the PG students.	Done

Alumni To add the topic in relevant subject related to Indian knowledge system	25UZO505- Core Paper 5: Genetics - Added the topic Traditional Knowledge of Birth Defect and Inherited Diseases. 25UZO611- Core Paper 11: Developmental Biology - Ayurvedic Methods of Umbilical Cord Storage added the above topics as per the suggestions given by alumni members.	Done
Parents' To add live dissection in the practical's.	25UZO2CL - Core Practical-1 Invertebrata and Chordata-Mounting: Earthworm body setae, Penial setae. Pila: Radula, Honey bees or mosquito mouth parts, Prawn appendages. Chordata: Placoid, Ctenoid and Cycloid Scales in fishes. Dissection: Earthworm – Digestive system and Nervous system. Cockroach – Digestive, nervous and Reproductive system and Chordata: Prawn-Nervous system added in UG practical's as per the recommendations given by the Parents.	Done
Faculty To add few topics in Indian Knowledge system and AI in relevant subjects.	25UZO303 - Core Paper 3 - Cell and Molecular Biology- Ayurvedic Understanding of Cancer. 25UZO505- Core Paper 5: Genetics - Added the topic Traditional Knowledge of Birth Defect and Inherited Diseases. 25UZO609-	Done

	Core paper 9: Microbiology and Immunology- Traditional Knowledge in Herbal Medicine, Role of Diet in Immunity. 25UZO610- Core Paper 10- Biotechnology - AI assisted CRISPR Gene Editing. 25UZO404- Core paper 4 – Physiology - The topic Ayurvedic Understanding of Pancreas. 25PZO411 - Core Paper 11 – Aquaculture - Indian Herbs and Management, added as per the faculty members suggestions.	
Employer/ Industrial Expert To add AI related topics in entrepreneurship subjects	25UZO1I1 - Allied A-Paper 1- Sericulture I- Smart silkworm rearing – Bridging AI Technology and Indigenous expertise. 25UZO212 - Allied A – Paper 2 – Sericulture II - Integrating AI– Innovations and Indigenous knowledge in mulberry cultivation topics were included as per the industrialist suggestions.	Done

ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM

Academic Year: 2024-2025

Name of the Department: Clinical Nutrition

Suggestions given by the stakeholders	Action Taken	Remarks
Students' Our First year and final year Post Graduate students expressed overall satisfaction with the syllabus quality of courses, teaching, and outcomes, but suggested refining certain topics to gain more in-depth knowledge. They also requested access to a Food Science laboratory to conduct hands-on food analysis, which would enhance their research skills. Furthermore, they expressed interest in exploring placement opportunities to apply their knowledge and skills.	Syllabus Content for few subjects are modified based on the required for the students for Job Opportunities Request for the Food Science Lab. Encouraging the students to do more certificate courses to develop their exact skills for better career opportunities.	Executed
Alumni The alumni feedback indicates strong satisfaction with the program, particularly with regard to its relevance, course structure, competencies	Introduced new paper for practical knowledge. Certificate coursed for hand on training.	Executed

developed, and alignment with the program is highly regarded for preparing students for successful careers or further academic pursuits. Some minor areas for improvement, such as increasing the number of lab components or expanding skill-related courses, the overall feedback suggests that the program has met the alumni expectations in key areas. Regular updates to the curriculum and a continued focus on practical learning opportunities will help maintain and further enhance the program's effectiveness in preparing students for the future.		
Parents' Overall, the feedback from parents is largely positive, with satisfaction in key areas such as course quality and the overall teaching and learning process. And expected the job Opportunity for the students	-	-
Faculty The feedback from faculty highlights a strong sense of satisfaction and confidence in the curriculum design and development process. Faculty members believe that the system is effective, that the curriculum is relevant to current industry standards,	Introduced new paper, updation and modification of units in the paper. Introduced technology based units in elective papers.	Executed

and that it adequately prepares students for future employment. The active involvement of faculty, subject experts, stakeholders, and industry representatives in the curriculum design process ensures that the program remains dynamic, responsive, and aligned with the evolving needs of the field.		
Employer/ Industrial Expert The employer feedback is overall positive, particularly in areas related to employability, industry relevance, and skill development. The feedback suggests that the program effectively prepares students for success in the job market and helps develop critical skills such as creativity, innovation, and problem-solving	Focus more on hospital posting and taking the live case studies reports for implementing their therapeutic knowledge. Based on this modification is carried in the practical paper	Executed

ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM

Academic Year: 2024-2025

Name of the Department: Computer Science (SF) – UG & PG

Suggestions given by the stakeholders	Action Taken	Remarks
Students: The students have appreciated the curriculum design and development and the Syllabus of each course.	The opinions expressed by the students are considered favorably and it has been decided to have the proposed curriculum and syllabus for the students to be admitted from the academic year 2025-2026 and onwards.	The standards will be maintained in the years to come according to the feedback obtained from the students.
Alumni: The Alumni members are of the opinion that the design of curriculum and the syllabus of each course deserves appreciation.	Alumni members opinions are well taken and considered.	The standards will be maintained in the years to come according to the feedback obtained from the Alumni members.
Parents: The parents have expressed their satisfaction	Considered the opinions of the parents.	The standards will be maintained in the years to come

about the curriculum.		according to the feedback obtained from the parents.
Faculty: The faculty members are of the strong opinion that the design of the curriculum and the syllabus of each course is appreciable.	After detailed deliberations, it has been unanimously decided to have the proposed curriculum and syllabus for the students to be admitted from the academic year 2025-2026 and onwards.	The standards will be maintained in the years to come according to the feedback obtained from the faculty members.
Employer/ Industrial Expert: The Industrial Experts focus on practical skills and real-world applications, and continuously evaluate and update the curriculum based on industry feedback and emerging trends	Considered the opinions of the Industrial Experts.	The standards will be maintained in the years to come according to the feedback obtained from the Industrial Experts.

ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM
Academic Year: 2024-2025

Name of the Department: **Computer Technology**

Suggestions given by the stakeholders	Action Taken	Remarks
Students': ✓ Students are suggested to add new course and practical courses.	A course on Distributed and Cloud Computing, along with its lab, has been introduced, as well as a lab for the Internet of Things. A course on Web Technologies along with its lab, has been introduced.	-
Alumni: ✓ Suggested to add new Elective Courses.	Two new elective courses, namely Natural Language Processing and Blockchain Technology, have been introduced.	-
Parents': ✓ Most parents expressed appreciation and satisfaction with the teaching methods, particularly ICT, and also suggested enhancing placement-oriented activities.	A placement-oriented course named Quantitative Aptitude has been introduced as Job-Oriented Course (JOC) to support students in the initial stages of the placement process and enhance their chances of securing Job offers.	-
Faculty: ✓ Faculty members are encouraged to introduce skill-based, job-oriented courses and new elective courses for the benefit of students.	Two new elective courses, Natural Language Processing and Blockchain Technology, along with two Job-Oriented Courses, have been introduced.	-
Employer/Industrial Expert: ✓ Suggested to move the python course to second semester and combined with data structure.	The Python course has been integrated with Data Structures, and the lab has been revised. A course on Distributed and Cloud Computing, along with its lab, has been introduced.	-

✓ Recommended to include Distributed and Cloud Computing Course along with Lab.	Online testing has been incorporated into the Case Study Lab.	
✓ Suggested to add Testing Tool

ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM

Academic Year: 2024-2025

Name of the Department: Department of Information Technology

| Suggestions given by the stakeholders	Action Taken	Remarks
Student's: • Students have given suggestions to revise the syllabus of Elective papers. • Data structures may be implemented using C++ instead of C.	• The syllabus Elective papers such as Cloud Computing and Artificial Intelligence have been revised. • As per their suggestions, Data Structures concepts have been incorporated with C++.	Executed
Alumni's: Suggested to give more practical exposure from the basics to the syllabus	Number of programs have revised in programming lab courses. Also, Office Suits and Designing have been included for the beginners	Executed
Parent's Parents evaluated the syllabus and they are fully satisfied	-	-
Faculty's: All faculty members accepted and fulfilled the revised syllabus.	-	-

Employer/ Industrial Expert's: They suggested to modify few existing Elective papers	Few Elective papers such as Internet of Things, Machine Learning and Network Security papers have been introduced.	Executed

Action Taken Report of Feedback on Curriculum

Academic Year 2024 – 2025

Name of the Department: **Computer Applications (UG)**

Suggestions given by the Stakeholders	Action Taken	Remarks
Students: Need more practical Papers	Introduced few Practical Papers & Lab based JOC in the AY 2025-2026	
Alumni: Suggested to include soft skills-based papers	Arranged extra courses for the development of softskills	
Parents': Most of the parents appreciated and satisfied with the existing curriculum. Suggested for Placement Training Programs	Periodically training the students with Soft skills, Numerical Aptitudes, GD.	
Faculty: Satisfied with the existing curriculum	--	
Expert: Except members are suggested To increase more practical hours and case studies	Case studies are included. Practical Hours are increased in few core labs.

ACTION TAKEN REPORT OF FEEDBACK ON CURRICULUM

Academic Year: 2024-2025

Name of the Department: **B. Sc Computer Science with Data Analytics**

Suggestions given by the stakeholders	Action Taken	Remarks
Students: The curriculum is effectively meeting student needs, and no changes are needed at this time. The program continues to support both academic excellence and career readiness for students.	NA	A Major revision shall be done for the curriculum and syllabus in the forthcoming BoS after receiving comments/suggestions from various stake holders from different domains of IT Field.
Alumni: No changes are necessary to the curriculum	NA	
Parents: No changes are necessary to the curriculum at this time. The program continues to meet both academic and career preparation needs, fostering student growth and ensuring their success in the job market.	NA	

Faculty: The lab paper in Java and Python need to be updated to reflect recent advancements.	The lab papers have been revised to incorporate the latest programs that reflect current technological advancements in the field of computer science and data analytics. New tools, software, and frameworks that are in demand in the industry have been introduced in the lab sessions, ensuring students gain hands-on experience with the most up-to-date technologies.	Incorporated in the current syllabus effective for students admitted from the Academic year 2025-2026 & onwards.
Employer/Industrial Expert: C++ Programming has to be replaced with Java Programming and Fundamentals of Data Analytics has to be a core paper.	Changed the paper as per the Expert need	Incorporated in the current syllabus effective for students admitted from the Academic year 2025-2026 & onwards.
