Youth Red Cross (YRC) has been functioning with the motto of raising awareness among college students on blood donation and organ donation. Helping the poor and needy, especially children, by donating blood, clothes, notebooks, and other useful things to them. As an initiative to that our Youth Red Cross comrades collected clothes from all the classes and departments with the great support of students and staff members. We had placed separate boxes for collecting clothes like Men, Women and Kids. Our comrades took care of them from morning till evening. Now we have planned to donate the clothes to various orphanages and we have also planned to spend time with the kids living there as we expect it will them happy.
